Note The North Boundary of the foregoing Town. was not run for want of Provisions at the time I was here. I am quite Certain that the South Boundary should be run over again, as it is my opinion there must be an Error in the Measurement of the Mer. West Bound^y S. 35. (See the Bar of the N. & S. Bound^y T 35.) and before I would venture to run the North by T 30. I would remeasure the Mer. for the 6. miles, at least. (N. B. S. 35.)
